

GIIGNL

International Group Of Liquefied Natural Gas Importers

Benefits of GIIGNL Membership

By joining GIIGNL, your organisation becomes part of the leading international network for the LNG import industry, benefiting from exclusive knowledge, expert collaboration, and strategic engagement.

Connect with the Global LNG Community

Expand your professional network by connecting with more than 90 member companies. Exchange knowledge, build relationships, and collaborate with industry leaders across the global LNG value chain.

Access Exclusive Industry Intelligence

Benefit from member-only resources including:

- Comprehensive LNG industry statistics
- Technical and commercial studies
- Incident Identification Database
- Reports from Study Groups and Task Forces
- Event presentations and meeting materials

Collaborate with Industry Experts

Take part in the Technical and Commercial Study Groups, which meet twice a year to share operational experience, discuss emerging challenges, and develop industry best practices.

Contribute to Strategic Task Forces

Participate in dedicated Task Forces addressing key industry topics such as:

- Emerging regulations and policy developments
- Technical innovation
- Operational excellence

Help Shape the Industry

Influence GIIGNL's future work by proposing new studies, contributing your expertise, and showcasing innovative projects to fellow members.

Engage at Executive Level

Participate in high-level discussions during the General Assembly, where CEOs and senior executives from member companies exchange views on strategic priorities, industry developments, and the future of LNG.
